

Caricature QR graphics you can be put on anything.

Stand out visually – both on stage and online.

Each band member gets their own caricature QR graphic, which you can edit yourself in the program GOmobile!®, where you can insert images, videos, PDF files and insert links to anything.

There is a link to the QR code, e.g.: <https://app2go.dk/h/Rl6O0w>

Benefits for the band:

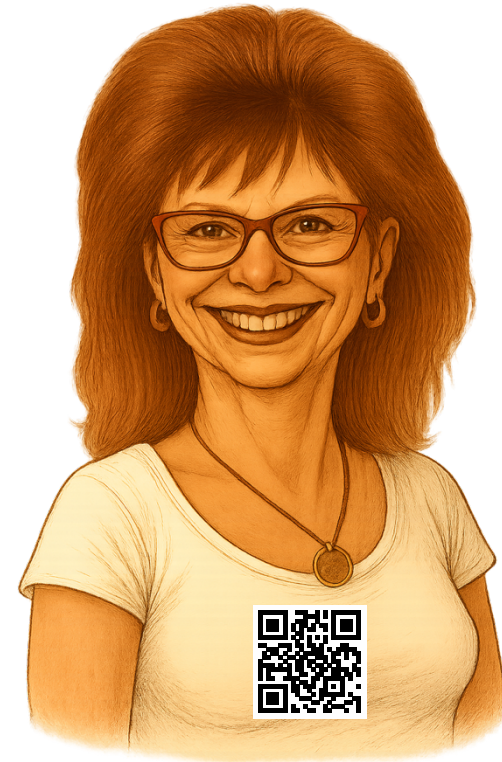

Each T-shirt shows a unique caricatured portrait – but still as part of your common look.

Fans love to scan, take pictures and share – especially with QR and illustration.

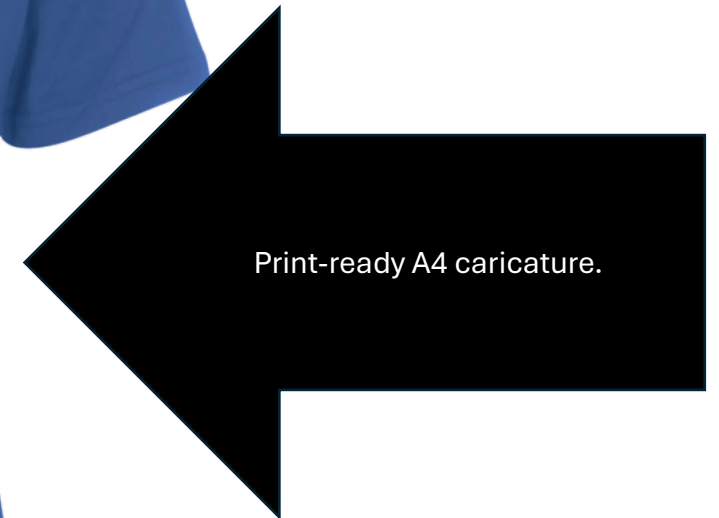

The QR code is your discography Web App, where you can link to e.g. Spotify, Bandcamp, YouTube, merch shop or ticket purchase.
